Saver's Tax Credit

The saver's credit is a nonrefundable federal income tax credit available to individuals with an adjusted gross income (AGI) of less than \$76,500. Salary-deferral contributions to a 401(k), 403(b), governmental 457(b), or SIMPLE IRA, can reduce an individual's AGI, creating Saver's Tax Credit eligibility. The Saver Credit is also available for contributions made to a traditional or Roth IRA. The maximum annual contribution eligible for the credit is \$2,000, and the maximum credit is 50%, making the maximum saver's credit \$1,000.
